SC Municipal Elected Officials Institute of Government

Tuesday, September 17
9:30 a.m. – 12:30 p.m.

Municipal Economic Development

For municipalities to attract new businesses and grow existing businesses, local officials must establish an organizational commitment to economic development. Find out how to identify a community's economic development assets, develop a plan to take advantage of these assets and use available tools to finance projects.

Forms of Municipal Government

A council operates under one of three forms of municipal government in South Carolina. Learn about the roles and responsibilities of councilmembers, the mayor and manager/administrator in each of the forms.

Elected officials who complete the seven required courses will receive a certificate and will graduate from the Institute. For more information about the Institute, visit www.masc.sc (keyword: MEO).

The Municipal Elected Officials Institute of Government is offered by the Municipal Association of South Carolina.
