Dear Ms. Hair,

Pursuant to H.3525, Act #126 of 2015, our office is now required to provide on our website a GIS file depicting the current municipal and county boundaries. This file is necessary to allow transportation network companies to accurately track and report activity to the municipalities as specified in this Act. To help us ensure accurate reporting, H.3525 also requires municipalities to provide our office annexation information within thirty days after the annexation is complete and would respectfully request your assistance in helping us educate the municipalities about this requirement.

The information we require is a written description of the municipal boundary, along with a map or plat which clearly defines the new territory added by the municipality. All information or questions should be directed to Mr. Will Roberts by email at will.roberts@rfa.sc.gov, office phone (803) 734-8923, or by mail at 1000 Assembly St. Rm 419, Columbia, SC 29201. Please distribute our contact information to the appropriate personnel in the municipalities so that we may begin updating our files to reflect the correct boundaries for the municipalities.

Also, after we post an initial map on our website, we would not only welcome but encourage a review of the boundaries by your association or the individual municipalities. In advance, I would like to thank you for your assistance in this matter and if you have any questions, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank A. Rainwater", with a large, stylized flourish at the end.
