

Risk Management Services

Online Training Center

The South Carolina Municipal Insurance and Risk Financing Fund and the South Carolina Municipal Insurance Trust have partnered with LocalGovU, an online training provider specializing in training to local governments. The LocalGovU system will keep track of your progress, so you don't have to complete all of your training in one sitting.

The training courses offered by LocalGovU provide awareness-level training and may not meet all of the requirements for Occupational Safety and Health Administration standards or other compliance regulations. Users should review all applicable regulations to ensure training requirements are being met.
