## Voter Registration Lists

- Electronic Pollbooks (EPBs)
- New standard $\qquad$
- Voter records in database on each EPB
- Faster and ensures voters receive the correct ballot style

## Voter Participation Lists \& Stats

- VR lists are used to give voters credit for voting in an election within the statewide voter registration system
- Allows for production of demographic statistics on voter participation
- Allows for production of lists of voters who participated in a certain election

## Precincts \& Polling Places

- Each county is split into precincts
- Precinct is a geographical area determined by the
$\qquad$ General Assembly
- Each precinct has approx. 1,300 voters
- Each precinct has a polling place where voters cast their vote on Election Day
- Local election commissions determine polling places

## Candidates

- Partisan candidates file in March of election year with SEC or county board
- Parties nominate candidates by primary or
$\qquad$ convention
- Independent candidates may file by petition
$\qquad$
- Nonpartisan candidate filing by Aug. 15 $\qquad$
- All candidates certified by Aug. 15
$\qquad$
$\qquad$
$\qquad$

## Ballots

- SEC builds voting system databases and sends to county
- County prints ballots, prepares machines
- Paper ballots ready by late September
- Machines for polls ready around one week prior to voting period.

## Types of Ballots

Paper ballot cards are used for voting in person.

- Voters make selections on a ballot-marking device (BMD), which are then printed on the paper ballot card. The voter then casts the ballot by inserting it into the scanner.
$\square$ Hand-marked paper ballots are used for absentee voting.
- Voters mark selections by hand on a paper ballot and returns the ballot to be cast.
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## What is a ballot marking device?

- A ballot marking device is a voting machine that allows voters to make ballot selections using a touchscreen
$\qquad$
- The ballot marking device prevents the voter from over voting and prompts them if an office is left blank
- The voter then prints the ballot, reviews it, and places it in the scanner for tabulation
- A ballot marking device does not tabulate

## Benefits of Paper Voting System

- Familiar process for voters
$\qquad$
- Paper
- Secure $\qquad$
- Auditability
- Accessible for all voters $\qquad$
- Headsets
- Sip and puff $\qquad$

- number of councilmembers,
- method of representation,
- terms of office,
$\qquad$
- method of nomination and determining results,
$\qquad$
- method of filing, and
- filing period and fees $\qquad$

- May be initiated by ordinance or by petition signed by $15 \%$ of qualified electors. $\qquad$
- Only one question may be framed by the municipal governing body for the referendum. $\qquad$

- Two-year terms may not be staggered.
- Four-year terms must be staggered unless otherwise provided by ordinance.
- Terms established by ordinance and may be altered by council by ordinance.
- Consider ethics questions for extending a term.

## Method of Nomination

- Municipal elections may be partisan or nonpartisan. $\qquad$
- Established and changed by ordinance.
- Currently, there are 6 cities which hold partisan elections: Aiken, Florence, Georgetown, Greenville, New Ellenton, and North Augusta.

## Determining Majority / Runoffs

- Many cities and towns require a majority and runoff.
- One seat to fill - Candidate has a majority if votes for candidate are greater than: $\qquad$
(Votes Cast for Office) $\div 2$
- If dividend is fraction, don't round up or down. $\qquad$
- If no candidate has majority, runoff between two remaining candidates with most votes. $\qquad$
- No write-ins in runoffs.

Municipal Association of South Carolina
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## Determining Majority / Runoffs

- Multiple Seats to Fill - Candidate has a majority if votes for candidate are greater than: $\qquad$
(Votes Cast) $\div$ (Seats to Fill) $\div 2$
- Ex: 5 candidates for 3 seats on town council $\qquad$
- Candidate A-60 votes
- Candidate B-55 votes $\qquad$
- Candidate $\mathrm{C}-45$ votes
- Candidate D-30 votes
- Candidate E-20 votes
$\qquad$
$\qquad$
$\qquad$

## Determining Majority / Runoffs

- Divide total votes cast (210) by seats to fill (3)

$$
210 \div 3=70
$$

- Then divide by 2

$$
70 \div 2=35
$$

- Any number in excess of 35 is majority $\qquad$
- A, B, C all have majorities and win 3 seats

## Determining Majority / Runoffs

- If not enough candidates receive a majority vote, then a runoff is held.
- The number of candidates in the runoff is one $\qquad$ more than the number of seats which remain to be filled.
- Those with a plurality win the runoff election. A majority is not required.

Municipal Association of South Carolina
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## Non-Partisan Primary and General

- Primary election held to reduce field to two candidates for each office to be filled.
- If there are only one or two candidates for a single office when filing closes, no primary is held.
- In primary for a single office, two candidates receiving highest votes are nominated.
- In primary for more than two positions to fill, candidates receiving the highest number of votes equal to twice the number of positions to fill are nominated. $\qquad$
- Nominees then square off in election (plurality).

Municipal Association of South Carolina

## Municipal Election Dates

- State law requires that each municipality provide for the election of its council by ordinance.
- Elections must be conducted in accordance with state law using the SEC's voting system.
- Municipalities set and may change the date of their general elections by ordinance.

## Municipal Election Dates

- Specific dates for municipal elections are not currently required - but see H3734, setting mandatory dates (third Tuesday in March, first Tuesday in July, or first Tuesday after first Monday in November of odd years).
- It is recommended that municipalities by $\qquad$ ordinance specify the date that the terms of newly elected mayors and council members begin and when the oath of office is to be administered.

Municipal Association of South Carolina

## Municipal Election Dates

- 163 (60\%) of municipal elections currently held in November of odd years
- 32 (12\%) held in conjunction with the statewide general election
- 22 (8\%) held in April of even years
- $13(5 \%)$ held in April of odd years
- Remaining 41 municipal elections held during 17 of the other 20 months

## Changing Election Date

- Trend is that more and more municipalities are moving their elections to November of odd years.
- SEC and many county boards support.
- Moving the date of the election requires:
- adopt an ordinance changing the date,
- shorten or lengthen the terms of office of the current mayor and council members, and
- notify the SEC, CEC, and MEC (if necessary).

## Benefits of Uniform Election Date

- Disclaimer: Selecting a general election date is a local decision that council makes and there are many factors to consider when selecting a date.
$\qquad$
$\qquad$
$\qquad$
- However, there are potential and demonstrated benefits resulting from the current movement to $\qquad$ November odd-year elections.

Municipal Association of South Carolina
$\qquad$
$\qquad$
$\qquad$

## Benefits of Uniform Election Date

- Greater voter awareness of the date of their municipal election. $\qquad$
- More media coverage of municipal elections as the date becomes a statewide election day.
$\qquad$
- Potential for high voter turnout.
- Improved voter education on the process, issues, and candidates.
$\qquad$
$\qquad$
$\qquad$
Municipal Association of South Carolina

## Benefits of Uniform Election Date

- Calendar mirrors general election calendar
$\qquad$ which simplifies administration.
- Simplifies required training of local election officials.
- Cost savings from combining legal notices.

## Method of Candidate Filing

- Council must determine method of filing by ordinance, either statement of intention of candidacy (SIC) or petition.
- Council must set filing fee and filing period by $\qquad$ ordinance (fee necessitates public hearing).
- Must determine location of filing; most file with $\qquad$ clerk.
$\qquad$
$\qquad$

## Candidate Filing

## Deadlines:

- SIC: No candidate may file later than 60 days $\qquad$ prior to general election.
- Municipality can set earlier deadline or filing $\qquad$ period by ordinance.
- Petitions due not less 75 days prior to general $\qquad$ election.
- Special Election deadlines are 45 days (SIC), 60 days (petition).
$\qquad$
$\qquad$
$\qquad$

## Candidate Filing

- Clerk no longer required to collect Statement of Economic Interests (SEI) or confirm filing of SEI.
$\qquad$
- Clerk should remind candidates of requirement to $\qquad$ file online with State Ethics Commission
$\qquad$
$\qquad$ of South Carolina

## Candidate Qualifications

- MEC determines whether qualified.
- Candidate must be qualified on election day. $\qquad$
- Must reside in municipality for 30 days.
- Must be registered voter.
- Must be age 18 or older.
- Felony conviction or specific offenses against elections laws disqualify individual unless 15 years since completion of sentence or pardoned.
$\qquad$
$\qquad$
$\qquad$

## Cancellation of Municipal Elections

- State law used to allow a municipality to cancel a general or special election if only one candidate filed $\qquad$ for each office, under SC Code § 7-13-190(E).
- However that is no longer the case as of January 1, 2018.
- Municipal elections are ALWAYS required. $\qquad$
- This has created a few challenges recently, particularly with municipalities that run their own $\qquad$ elections but rarely had candidate opposition.

Municipal Association of South Carolina

## Municipal Election Commissions

- S.C. Code 5-15-90.
- Three members, must be electors.
- Appointed by council to six year staggered terms, one member up every two years.
- Political activity not allowed for a "campaign over whose election the member has jurisdiction," SC Code § 7-13-75.
- Cannot participate in campaign.
- Cannot contribute money or attend fundraiser.

Municipal Association of South Carolina

## Training \& Certification

- MEC and "staff" must complete certification program within 18 months of initial appointment or reappointment after break in service.
- 3 classes required; all are available online:
- Duties of MEC
- Poll manager training
- Protest hearings
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## Training \& Certification

- Clerk sends request for usernames / passwords to: elections@elections.sc.gov
- MEC Resources at scVOTES.org, under "Resources" in top menu.
- Link to MEC Handbook.
- Training and certification requirements.
- Additional resources under "Poll Managers" in the top menu.

## Duties of the MEC

- Publish election notices.
- Appoint and train poll managers.
- Provide information to the county election commission for preparing voting machines and equipment.
- Distribute ballots.
- Oversee ballot tabulation.
- Certify candidates and election results. $\qquad$
- Hear protests.
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## Transfer of Election Authority

- S.C. Code 7-15-145.
- City \& County Councils pass ordinance transferring
$\qquad$ and accepting authority.
- Ordinances identify duties transferred.
$\qquad$
- May be none, some, or all.
- If total responsibility is transferred, MEC is abolished.
- County Board plays role of MEC.

## Thoughts on Transferring Elections

- This is a bigger issue now because a municipal $\qquad$ elections must always be held, even when uncontested. $\qquad$
- Additionally, all local elections must utilize the state's approved voting system, including municipal elections. No more paper ballots.

## Thoughts on Transferring Elections

- Administering elections is complex and there are many applicable legal requirements.
$\qquad$
- Municipal elections are typically held only once every two years - limited opportunities to "master your craft."
- It can be difficult to find volunteers to serve on a MEC and to work the polls.

Municipal Association of South Carolina

## Thoughts on Transferring Elections

- Training requirements for election commissioners and poll managers are significant. $\qquad$
- Liability and negative public relations resulting from a poorly managed election are significant.
$\qquad$
- Administering elections is a core competency of county election offices. $\qquad$
$\qquad$
$\qquad$
Municipal Association of South Carolina

## Thoughts on Transferring Elections

- Some counties decline responsibility for municipal elections.
- Moving the date of municipal elections is often a condition.
- Compare in-house cost to county administration.
- What if the county gives them back? Know and maintain $\qquad$ your agreement.
- See H3734: "County boards of voter registration and elections shall conduct municipal elections for municipalities that elect to transfer authority for conducting municipal elections pursuant to the provisions of this section." $\qquad$

## Administration of Municipal Elections

By the Numbers:
$\qquad$
$\qquad$
$\qquad$
187 CEC Conducts
$\qquad$ 142 CEC Certifies
$\qquad$
$\qquad$
Municipal Association of South Carolina $\qquad$

## Questions From the Field

- What if you fail to hold election?
- How do you certify election results if you have no MEC and haven't transferred that duty to CEC?
- What is "residency"? Can a non-resident file for election and/or hold office?
- Can you challenge a voter's or candidate's residency and to whom? $\qquad$
- Can I run for a council seat and for mayor in the same election? $\qquad$
- What if the check bounces?
$\qquad$
$\qquad$

## Questions From the Field

- Can you combine precincts for a municipal election?
- Can you withdraw and, if so, what happens if the ballot has already been finalized?
- What happens if no one runs and there are no write-ins or write-ins won't accept office?
- What if write-in receives more votes than a candidate but chooses not to accept office?
- Can I (or the municipality) promote a ballot measure?
$\qquad$
$\qquad$
$\qquad$
$\qquad$ of South Carolina $\qquad$

$\qquad$

## Filling A Vacancy In Office

- No special election if vacancy occurs within 180 days of general election.
- If a vacancy occurs in more than one office in the same county requiring special elections be held $\qquad$ within 28 days of one another, then the elections must be conducted on the same date using the latest of the election dates.
- If partisan special election date is within 60 days of general election date, then it must be held on date of general election.

## Non-partisan Special Elections

- Vacancy as a result of death, resignation, or removal. $\qquad$
- Filing opens on the $3^{\text {rd }}$ Friday after the vacancy and closes 10 days later.
- Special election would be held on the $13^{\text {th }}$ Tuesday after the vacancy occurs.
- Run-off would be held on the $15^{\text {th }}$ Tuesday, if necessary.

Municipal Association of South Carolina

## Partisan Special Elections
